

## About Financial Reports

The FDIC provides quarterly and annual financial data, including historic data.

- Annual Reports (<https://www.fdic.gov/financial-reports/annual-reports>)

Also referred to as the Performance and Accountability Report, this provides the audited financial statements and overviews of the annual accomplishments.

- FDIC Budget (<https://www.fdic.gov/financial-reports/fdic-budget>)  
The annual FDIC Operating budget composed of ongoing operations, receivership finding, and Office of Inspector General.
- Chief Financial Officer's (CFO) Report to the Board (<https://www.fdic.gov/financial-reports/chief-financial-officers-cfo-report-board>)

The consolidated financial reports, including: the Financial Analysis Report, Investments Report, and Budget Report.

- Office of Inspector General (<https://www.fdicog.gov/>)  
The independent office that conducts audits, evaluations, investigations, and other reviews of FDIC programs and operations.
